Usability Test Questions: Round II

1. Where do you think you would go to learn about who made this website?

2. How do you think you would contact the company through this website?

3. You want to make a story, but don't like the one shown to you on the screen. Change the story and send yourself a story that you do like.

4. You want to read the story *Puss In Boots* in this website, where can you find this story?

5. If you want to make a suggestion or let the company know about a problem on the site, how would you notify the company? Take the steps to show how you would do so.

"Probing" Questions

1. So now that we're finished, what's your general impression of the site?

2. What aspects of the site do you think made it difficult to accomplish the tasks?

3. If you were interested in a website for reading and writing children's stories, would you use this specific website? Or would you prefer to use a different site that provides the same functionality?
